

Machine Learning: Homework on Decision Trees

Fabio Vandin

December 19th, 2024

Instructions

You have to complete 1 Jupyter notebooks about Decision Trees

The notebook has missing code: need to fill in what is missing

Read carefully all the instructions of the notebook before starting!

FIRST THING TO DO: you need to put your ID number in the notebook (that you will need as seed random number generators).

If no ID number for Laurea Magistrale: use the ID number from your previous degree.

Deadline

Submit your completed notebooks:

- **deadline: Thursday January 16th, 2025, 11:55 PM**
- **use link in e-learning website**

Submit 1 file - **only submit your completed notebooks!**

IMPORTANT: Use the following file names for the file that you have to submit:

- DT_FirstnameLastName_IDnumber.ipynb

Example: student Fabio Vandin, ID number 000001 will submit file:

- DT_FabioVandin_000001.ipynb

WRONG FILE NAME = 0 POINTS

HW support

We have arranged the following slots for asking questions about the homework to Cristian Boldrin (TA for the course):

- **Thursday 9th January, 4:30-6:30pm, room Ne**
- **Tuesday 14th January, 10:30am-12:30pm, room Ne**
